

SUMMARY

Full Stack Developer with hands-on experience in building scalable and production-ready web applications using the MERN stack. Skilled in developing RESTful APIs, implementing secure authentication systems, and optimizing UI performance. Experienced in working on real-time projects with a focus on clean code, security, and maintainability.

TECHNICAL SKILLS

- Frontend: React.js, JavaScript, HTML, CSS, Tailwind CSS, Ant Design, jQuery
 - Backend: Django, Node.js, Express.js, Python
 - Database: MongoDB, SQL
 - Tools & Version Control: Git, GitHub, Postman
-

EXPERIENCE

Full Stack Developer (Full-Time)

March 2026 – Present

Hurryep Technologies, Madurai

- Worked on production-level web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built scalable and secure modules for internal SEO service projects.
- Implemented RESTful APIs, JWT authentication, OAuth login, and role-based access control (RBAC).
- Improved application performance and optimized workflows.

Full Stack Developer Intern

July 2025 – February 2026

Hurryep Technologies, Madurai

- Assisted in developing full-stack web applications using MERN stack.
 - Supported API development and frontend integration.
 - Worked on debugging issues and improving UI responsiveness.
 - Collaborated with the team on real-time project requirements.
-

INTERNSHIPS

- Web Development Intern (Online)
Vetri Tech Software Services – April to June 2024
- Web Development Intern
Tech Power Solutions, Chennai – December 2023
- Web Development Intern
CodeBind Technologies, Chennai – June 2023

EDUCATION

Bachelor of Computer Applications (BCA)
Kalasalingam Academy of Research and Education, Krishnankoil
CGPA: **6.8** | Graduated: May 2024

CERTIFICATIONS & TRAINING

- Python Full Stack Development – QSpiders, Chennai (Aug 2024)
 - MERN Stack Development – Shikshaa Simple Learn, Madurai (Mar 2025)
-

PROJECTS

1. SEO Services Project

Tech Stack: React.js, Tailwind CSS, Ant Design, Node.js, OAuth, JWT, MongoDB

- Worked on full-stack development including authentication, role-based access control (User/Admin/Super Admin), responsive UI, secure API integration, and SEO audit modules.
- Actively debugged API issues, optimized frontend performance, and ensured smooth data flow across dashboards.

2. Thunder bike Garage

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB

- Developed a dynamic and responsive web application to showcase premium bikes with detailed specs and visuals. Implemented features like clickable bike cards, individual detail pages, and registration forms with backend integration.
- Included image upload with Multer, API data handling, and form validations. Designed a sleek UI using Tailwind CSS and Ant Design, ensuring responsiveness across all devices.

3. A Research Investigation on the Traceability of Grocery Products

Tech Stack: HTML, CSS, JavaScript, SQL

- Built a grocery ordering system to connect farmers directly with consumers. The platform supports real-time order tracking, product inventory, and transparent pricing with no middlemen.
-

SOFT SKILLS

- Problem Solving
 - Team Collaboration
 - Communication Skills
-

LANGUAGES

- English – Proficient
- Tamil – Native
